

Gold Line® 3600R

High Capacity, Rear-Load Changer

Hamilton's 3600 Series Rear-Load Changer offers more versatility than ever before. The basic unit includes dual STA Validators, three hoppers and a rugged 3/16" thick carbon steel cabinet with stainless steel faceplate. It is also equipped with the Audit Pro 2000 Controller and hand-held remote for a convenient way to control payout combinations and auditing capabilities.

The 3600 Series can also be ordered with one or two hoppers, a single validator, and a coin acceptor to fit the needs of your business.

Faceplate: 38 3/8" H x 24 3/4" W x 3/16" D
97.5 cm H x 63 cm W x .48 cm D

DRS

Dual Rear-Load Changer

Many car wash owners are installing two changers in their operations to insure back-up service. Hamilton has created the model DRS rear-load changer that's actually two separate changers in one all stainless steel cabinet.

The DRS comes fully-equipped with two identical sets of components. For those with high volume locations, the DRS includes two high-capacity bulk load hoppers, which have a quarter capacity of \$1200 each. That's a total of \$2400 in ONE cabinet. The DRS also features a stainless steel wrap-around anti-pry door, for added security.

Changes/Pays

\$1, \$5, \$10, \$20 to Coins or Tokens

Features

- Hamilton XE Validator (with Tokenote® acceptance)
- 1000 Bill Stacker
- 11 gauge stainless steel

34-3/4" H x 18-3/16" W x 14-7/16" D
88.3 cm H x 46.4 cm W x 36.8 cm D
Faceplate: 38-5/16" H x 21-5/8" W
97.3 cm H x 54.9 cm W

RNS

Single Rear-Load Changer

The RNS has an all stainless steel cabinet with a wrap-around anti-pry door designed for additional security. The RNS is equipped with Hamilton's exclusive bulk load hopper. Built for direct payout reliability, the hopper is so durable even bent coins should not interfere with delivery. The bulk-load hopper also dispenses .984 and .901 tokens, with the ability to convert to other sizes with only minor modifications.

Changes/Pays

\$1, \$5, \$10, \$20 to Coins or Tokens

Features

- Hamilton XE Validator (with Tokenote® acceptance)
- 1000 Bill Stacker

Options

- Hamilton STA (with Tokenote® acceptance), Coinco®, Mars®, Conlux®, or CashCode® Validators
- Separating Stacker (with XE only)
- Coin Acceptor
- Heater (with XE only)
- Token Face Panel
- Console Base
- Audit Pro 2000
- Portable Thermal Report Printer (must be purchased with Audit Pro 2000)

Dimensions: U.S. & Metric

26" H x 19 1/8" W x 12 27/32" D
66.04 cm H x 48.58 cm W x 32.62 cm D

Options

Audit Pro 2000

A convenient way to view audit data and change payout options. All coin, bill and Tokenote® payout transactions are displayed on the LCD screen.

For use with the 3600R, 1200FL-S, RNS, DRS and ER-60 Changers.

Portable Thermal Printer

A portable thermal printer can be purchased with the Audit Pro 2000 to print audit data.

Separating Stacker

Holds up to 1200 bills and separates \$1 bills from \$5, \$10 and \$20 bills. Easy bill removal from front or back of stacker.

For use with the XE Validator only.

Validators

Choose from the Hamilton XE or STA with Tokenote® acceptance or the Mars®, Coinco®, CashCode® or Conlux® Validators.

These models are available for the 3600R and 1200FL-S Changers.

Tokenotes®

For Changers with Hamilton Validators, Tokenote® acceptance is available. Tokenotes® are used the same as paper currency, but reduce the amount of cash handling within your business.

Token Face Panel

For changers dispensing tokens, a token face panel is available at no additional cost for the 3600R, 1200FL-S, RNS, DRS and ER-60 Changers.

Coin Acceptor

A Slugbuster® or IDX® Coin Acceptor is available for the 3600R and 1200FL-S Changers.

Out-of-Service Relay Kit

Permits connection of your Hamilton product to the wash computer or a paging system to notify you of a service problem.

For use with the 3600R, 1200FL-S, RNS, DRS and ER-60 Changers.

Locking Hopper Cover

Deters removal of coins from an open hopper.

For use with the 3600R, 1200FL-S, RNS, DRS and ER-60 Changers.

Locking Stacker Cover

Helps prevent removal of currency from the stacker in front-load model changers. For use with the 1200FL-S Changer.

Our History of Service

Hamilton Manufacturing Corporation began as a mechanical scale manufacturer in 1921. In the 1960's, we began manufacturing coin changers to meet the growing demand for change machines.

Beginning in the 80's Hamilton became the **first** manufacturer of paystations for automatic car washes. Today, Hamilton has built an international reputation as a leading manufacturer of currency changers & automated paystations.

Hamilton meets the diverse needs of its customers with the finest products and highest level of service. Our many long-standing customers are a tribute to our goal of building a solid reputation with products and service our customers can depend on.
